# Tommaso Pellegrini

Tommaso Pellegrini was born in Italy in 1997. Graduated in 2022 in computer science, he has a strong passion for cybersecurity. Tommaso believes in the power of open source and OSINT and actively seeks out opportunities to learn new skills and stay updated on the latest technologies and cybersecurity trends.

## 01 CONTACTS

- ✉ netpawn@proton.me
- ➤ netpawn.net
- 📍 Barcelona, Spain
- 🏳 Italy
- ⌗ github.com/netpawn

## 02 LANGUAGES

| | |
|---|---|
| Italian | Native/Bilinugal |
| English | C1 - Certificate |
| Spanish | B2 - Level |

## 03 COURSES

Intensive English Course, B2 Level - June 2015, Boston, MA

Intensive English Course, C1 Level - August 2017, Santa Barbara, CA

CodeRed - Digital Forensics for Pentesters - 2023

CodeRed - Applied Threat Hunting - 2023

## 03 SOFT SKILLS

- Strong leadership skills
- Strong analytical skills
- Effective communication and reporting
- Ability to work well under stressful conditions
- Ability to learn quickly

## 04 EDUCATION

July 2016 — Parma, Italy

### Convitto Nazionale Maria Luigia
*School leaving qualification in scientific studies*

September 2022 — Parma, Italy

### Università degli studi di Parma
*Bachelor in computer science*

November 2022 - Present — Barcelona, Spain

### EC-Council
*Certified Ethical Hacker (C|EH) Certification*

## 05 EXPERIENCE

March 2016 - February 2019 — Parma, Italy

### Indie game developer
*Developing mobile indie games for Android and iOS using Android Studio, xCode, CoronaSDK, Love2D*

April 2019 - April 2021 — UniPR, Italy

### Students Representative, CS Council
*Voice for peers, liaise with faculty, organize events, advocate for student needs & concerns*

June 2021 - February 2022 — UniPR, Italy

### Cyber Threat Analyst Intern
*Head of design, installation, configuration and maintenance of a SIEM system (IBM QRadar). Log, event/ flows monitoring to ensure network security.*

## 06 SKILLS

### Programming languages

*Proficient in various programming, scripting and logic languages*
- Java, Python, C++, Prolog
- LUA, Bash
- HTML, CSS, JS

### Operating systems

*Proficient in common operating systems as well as multiple Linux based distributions (Debian, RedHat) and mobile operating systems*
- MacOS, Linux, Windows / iOS, Android
- Kali Linux, Ubuntu, CentOS, CSI Linux, Parrot, Tails

### Cybersecurity

Blue team skills:
*SIEMS platform and log analysis, threat intelligence and threat hunting, OSINT, network and system hardening, digital forensics*
- QRadar, Splunk, Elastic
- IBM X-Force Exchange, MITRE ATT&CK®, AlienVault OTX
- Maltego, Recon-ng, SpiderFoot, OSINT Framework

Read team skills:
*Ethical hacking, penetration testing and social engineering*
- NMAP, Wireshark, Acunetix WVS, Metasploit, Social-Engineer Toolkit(SET)
